Freelance Web Developer

Freelance Web Developer with 4 years of experience with HTML, CSS, and JavaScript frameworks. Eager to build web applications to help provide businesses with solutions.

Technical Skills

Languages: C/C++, HTML5, CSS5, JavaScript ES6

Tools: React, Node, Bootstrap

Applications: Photoshop, Illustrator, Blender

Projects

ReadMe Generator (09/2021 - Present) | <https://github.com/kwilley18/teamGenerator->

- Utilized NodeJS to create a command-line interface where users can create a README file.
- Became familiar with node packages such as util, inquirer, and fs.

Team Generator (06/2021- Present) | <https://github.com/kwilley18/teamGenerator->

- Utilized NodeJS to create a HTML file of a team.
- A user can add members the website that includes their name, email, ID, and job position.

React Portfolio (06/2021- Present) | <https://github.com/kwilley18/reactRouterPortfolio>

- Utilized React Router and Bootstrap to create a online portfolio that displays recent work.

Weather Dashboard (06/2021- Present) | <https://github.com/kwilley18/Weather0-Dashboard> | <https://kwilley18.github.io/Weather-Dashboard>

- Utilized the Weather API to gather weather information.
- The information was used to display a 5-day forecast.

Experience

Warehouse Associate (06/2019 – present)

- Learned how to handle trouble tickets in ISS such as cubiscan, hazmat items, and missing product information.
- Assisted new associates and introduce them any new changes in standard work.

Software Developer Intern (04/2018-08/2018)

- Maintained and upgraded existing codebase to Java to incorporate mobile application platform.

- Collaborated with other developers to identify and alleviate number of bugs and errors in software.

Education

BS Computer Science and Engineering,

University of Nevada Reno (08/2014-12/2018)

Key Certifications, Licenses, and Training

Bootcamp Certificate in Front End Web Development,

University of California, Riverside (06/2021-present)
